Professional Summary

Dedicated Business Intelligence Developer with a strong foundation in data warehousing, ETL pipelines, and data visualization. Proficient in SQL Server, SSIS, SSAS, and Power BI. Adept at designing relational databases, modeling data, and transforming complex datasets into intuitive dashboards to drive strategic business decisions.

Education

- **9-Month Professional Development and Business Intelligence infused CRM** 2025-2026
Information Technology Institute (ITI) Ministry of Communications and Information Technology
- **Bachelor in Computer Engineering** 2020-2025
Alexandria Higher Institute of Engineering & Technology with **GPA 3.85**
Graduation Project – Smart Pipe Inspection System
 - Developed an intelligent system for detecting pipe defects (cracks, rust, leaks) using computer vision.
 - Provided insights to support predictive maintenance and reduce operational risks.
 - Technologies: Python, Computer Vision, Raspberry Pi, Data Analysis

Work Experience

- **Coding Instructor at iSchool - Remotely** 2023-2025
 - Achieved the "Golden Instructor" status for exceptional teaching performance, delivering interactive tech-education sessions to 5,000+ students.
 - Taught a diverse tech curriculum encompassing Web Development (HTML, CSS, JS), mBlock, UI/UX Design (Figma) , Artificial Intelligence, Machine Learning, and Deep Learning and low-code mobile development (FlutterFlow)
- **Robotics Instructor at Mega Minds Academy - Onsite** 2022-2023
 - Awarded "**Best Teacher**" for exceptional performance in delivering engaging and impactful robotics education to students.
 - Instructed students in foundational engineering concepts, teaching hands-on electronics programming using **Arduino** and structural design using **AutoCAD**.

Technical Skills

- **BI & Data Engineering:**
SQL Server, Power BI, SSIS, SSAS, Data Warehousing, ETL Pipelines, Star Schema Modeling.
- **Programming Languages & Frameworks:**
C#, Python, ASP.NET Core MVC, Entity Framework Core, LINQ, Node.js.
- **Business Solutions:** Dynamics 365 CRM.
- **Core Concepts & Architecture:**
Object-Oriented Programming (OOP), Database Normalization, Data Structures.
- **Version Control & Tools:** Git, GitHub.

Certifications & Training

- Soft Skills & Leadership Program at **McKinsey.org Forward** 2026
- Web Development Diploma at **SEF Academy** 2024-2025
- Training Program at **Siemens Digital Industries Software** 2024
- IT training at **AWCO Training center** 2022

Extracurricular Activities& Leadership

- Problem-solving at ACM International Collegiate Programming Contest (**ICPC**) 2021-2023
- Judge at **ORCE Competition** 2023
- Coach at Robot Challenge National Championship Competition (**RC**) 2022
- Activity member at Institute of Electrical and Electronics Engineers (**IEEE**). 2020-2021
- Member of **Student Union at AIET.** 2020-2021

Courses

- Data Warehouse - The Ultimate Guide from **Udemy.** June-2026
- Getting Started with Zoho CRM for Sales Reps **from coursera** May-2026
- Business Intelligence from **simplilearn** April-2026
- Agile Project Management :Requirements,Planning and Tracking from **Udemy.** March-2026
- Database from **MaharaTech - ITIMooCa** Nov-2025

Languages

- Arabic (Native)
- English (Intermediate)
